

Team leader

Position description

LinkPeople

At LinkPeople, we believe that housing is a fundamental human right, not a reward. We recognise that housing instability and homelessness are highly complex issues that require a community-wide approach to support people to access and retain housing. LinkPeople connects people to housing and support, underpinned by the Housing First philosophy that a stable home is the foundation of wellbeing. Once housed, other issues that may affect people can be understood and addressed with a range of supports that are personalised, culturally appropriate and acknowledge the trauma that is often part of their lives. As choice is central to the Housing First approach, a key aspect of our service is to offer the people we work with choice about their goals and aspirations, and to support self-determination on their recovery journey.

Manaakitanga is a foundation and core driver for LinkPeople and is at the heart of everything we do. From point of first contact with a person and their whānau, we focus on making people feel welcome and cared for through respectful and nurturing interactions. We want all people – including those we support, staff members, stakeholders, and partners - to have an empowering and mana-enhancing experience with us. Our aim is to develop whakawhanaungatanga – relationships where people feel included and able to work collaboratively and collectively towards recovery.

LinkPeople is part of The Wise Group, a family of community organisations sharing a common purpose – to create fresh possibilities and services for the wellbeing of people, organisations and communities.
