Position Description

Team Coach

About Pathways and the Wise Group

At Pathways, we provide community-based mental health and wellbeing services throughout New Zealand. We support people to live well and be part of the communities of their choice by providing a range of support services around practical daily living, leading a healthy life, employment and housing.

Pathways was established in 1989, introducing a new model of care to the mental health sector. Today, with our inspirational dream of 'transforming mental health and addictions through fostering strong, compassionate, self-supporting communities', we're continuing to lead, innovate and pioneer new ways of working.

We believe everyone can recover and we're here to do everything we can to support them in their recovery. Our spirit of 'whatever it takes' is not just a slogan on the wall for us, our employees live this spirit every day.

While mental health is our priority, total wellbeing is our goal. We're all about hope and respect and providing personalised support that changes as people's needs change. We are committed to working in a trauma informed way, recognising the impact trauma may have had on people and working with them to build their resilience and protective factors.

Join us on our journey of helping people live a life they love.

The Wise Group

Pathways is part of the Wise Group, one of the largest non-government providers in New Zealand. The Wise Group is a family of charitable entities, all linked by a common dream – to create fresh possibilities and services for the wellbeing of people, organisations and communities.

Being part of the Wise Group gives Pathways access to a wealth of resources and support, both from our shared business infrastructure services and from other entities in the group.
